

10th Postgraduate Course in IBD

SECURE YOUR PLACE TODAY

DECEMBER 3–5, 2026

CAMPUS HOTEL HERTENSTEIN,
SWITZERLAND

In collaboration with **SGGSSG**

Dear Colleagues,

It is our great pleasure to invite you to the 10th Postgraduate Course in IBD. We look forward to welcoming you to Weggis for three inspiring days dedicated to education, exchange, and the latest developments in inflammatory bowel disease.

The course continues its tradition as an outstanding platform for discussing recent advances in IBD and future perspectives in patient care. The program once again offers a diverse range of formats: hands-on training in intestinal sonography and endoscopy on Thursday, therapy updates and state-of-the-art lectures on Friday, followed by interactive workshops and case-based discussions on Saturday.

Internationally renowned speakers and leading Swiss IBD experts will share their expertise and clinical experience, providing valuable insights for everyday practice. The course also offers ample opportunities for exchange, discussion of challenging cases, and learning from peers.

We look forward to spending three inspiring and truly instructive days with you.

Yours sincerely,

Prof. Dr. med. Dr. phil. Gerhard Rogler
