

CONTACT

Dear Colleagues,

It is our great pleasure to invite you to the 6th edition of IBDnet TALKS, a training curriculum for Swiss gastroenterology and hepatology fellows or experienced clinicians who want to refresh their knowledge.

6th IBDnet TALKS performs four training modules, consisting of state of the art lectures and interactive case-discussions. The modules will be held fully virtual or in a hybrid format. You may participate either at the centre hosting IBDnet TALKS, or from the comfort of your home using any portable device.

You have the possibility to register for each module individually, which enables participants to access the training module slides and receiving the respective certificate of attendance and SGG core credit points.

We are looking forward to an interesting curriculum of talks.

Yours faithfully,

Pascal Juillerat
Clinique La Source

Stephan Vavricka
Zentrum für Gastroenterologie
und Hepatologie

Organiser

IBDnet TALKS is organized by PD Dr. med. Pascal Juillerat (Clinique La Source) and Prof. Dr. med. Stephan Vavricka (Zentrum für Gastroenterologie und Hepatologie) under the patronage of the IBDnet.

REGISTRATION

Target audience

IBDnet TALKS offers a continuous educational program for fellows in gastroenterology- and hepatology-oriented departments or for experienced clinicians who want to refresh their knowledge.

Venue & participation

IBDnet TALKS are broadcasted as an interactive webinar. The lectures will be held fully virtual or in a hybrid format. You may participate either in the broadcasted center, or from the comfort of your home using any web-enabled device. The participation link is obtained upon registration.

Information about lecture halls are displayed on www.ibdnet.ch/education/medical.

Registration

We kindly ask you to register for participation for every single module individually. Registration will enable participants to access the training module slides and receiving the respective certificate of attendance and SGG core credit points. **SGG core credits: 1**
